Combine embroidery patterns

Features in detail

Features	Benefits
Advanced needle threading system	No more stress when threading. Follow the thread guide, and use the needle threader lever with one finger.
Convenient controls	For ease of use, all operating buttons are on one convenient panel - thread cutter, needle position up/down, Start/Stop function.
3,7" colour LCD touch screen	Manage all the functions with a simple touch of the easy-to-read. 3.7" LCD high resolution display (432 x 240 pixels). Includes icons and 15 languages.
Built-in font styles	10 built-in embroidery font styles make it easy for you to personalise all your projects.
Super Bright LED Light	A bright, but gentle on the eye light, makes it easier to work on dark fabrics.
Bobbin winding system	Quick and easy way to wind lower thread! Just load the bobbin on the winder and the thread guide will show you which way to go.
100 x 100 mm embroidery area	Just set the embroidery unit and frame, select the pattern and you're ready to embroider. Additional frames are also available separately.
USB Port to import designs	Just insert a USB flash drive and load your embroidery design directly to the machine.
Combine embroidery patterns	Several designs can be showed at same time by pressing "Add" button.
Quick-set bobbin	Just drop in a full bobbin and you're ready to go.
Compatible with other manufacturers thread	In addition to the Brother thread chart, the Innov-is M240ED recognizes threads from three other manufacturers.
125 embroidery patterns included	Choose from a variety of sophisticated patterns including 45 unique embroidery designs featuring your favourite Disney characters.
Built-in embroidery frame patterns	14 stitch types can be combined with 10 different frame shapes , such as a circle or a square.
Editing on the screen	Powerful editing features include the layout, pattern rotation in 1°, 10° & 90°, mirror imaging and scaling between 90 - 120%.
Automatic thread cutter	Cuts upper and lower thread automatically with the touch of a button.
Thread sensor	The Innov-is M240ED is equipped with upper and lower thread sensors that warn when thread is broken or has run out.
Embroidery speed	Embroider your designs with a speed of 400 stitches per minute.
Soft cover	The soft cover protects the machine when not in use.
